

DVEC offers a helping hand to Milnor Park Board

It won't be long and residents around Milnor will be able to enjoy free movies in the park, thanks to the efforts of the Milnor Park District and a helping hand from Dakota Valley Electric Cooperative lineworkers who set two poles for a large outdoor movie screen.

According to park district board member Greta Buskohl, they plan to fasten a white tarp between the poles to serve as a movie screen.

The park district has made plans to show family-oriented movies. Buskohl says since so many activities have been cancelled due to Covid-19, the free outdoor movies will give kids something to look forward to this summer.
